2021 Yonsei International Nursing Conference
Evolving Nursing Science Towards Precision Healthcare

November 19(Fri), 2021
Virtual Conference www.yinc.co.kr

Abstract Submission **~ Sep. 30, 2021**

Welcome Message

Welcome to the 2021 Yonsei International Nursing Conference (YINC)!

On behalf of the organizing committee, it is my great pleasure to invite you to the 2021 YINC designed in a virtual format which will be held on November 19th, 2021. The theme of the 2021 YINC is Evolving Nursing Science Towards Precision Healthcare.

The goal of the 2021 YINC is to provide invaluable opportunities to discuss and strengthen our roles and responsibilities to achieve the best patient outcomes. For this goal, we prepared the keynote session to share the blueprints of the Future of Nursing 2020-2030. In addition, we have organized plenary sessions with the themes of data science and innovative health technology. We will also have the opportunity to listen success stories from the mobile healthcare company so that new nurse entrepreneurs can gain insights into business models for healthcare service in the future.

We believe this conference will be a great opportunity to envision the future of nursing together. We look forward to meeting and welcoming you to the conference!

Sincerely yours,

Eui Geum Oh, PhD, RN, FAAN
Dean & Professor
Yonsei Univesity College of Nursing
Seoul, South Korea

Scientific Program

10:00-10:10	**Welcome Ceremony**
	Welcome Address
	Eui Geum Oh, Dean | *College of Nursing, Yonsei University*
