

Translational Nursing: "bridging the gap between nursing research and practice"

Friday, October 14, 2022

KEYNOTE PRESENTATIONS

April Oh,
PhD, MPH, Office of the Director,
National Cancer Institute, U.S.A.
*"Advancing Health Equity through Implementation
Science: Moving Our Evidence Base into
Action for All"*

April Oh is a Senior Advisor for Implementation Science and Health Equity in the Implementation Science Team in the Office of the Director at the National Cancer Institute. Dr. Oh served as a Program Director in the NCI Behavioral Research Program with research interests in multi-level health communication, implementation science, social determinants of health, neighborhood and policy effects on community health, obesity-related behaviors, and digital health technologies to promote behavior change and cancer prevention and control.

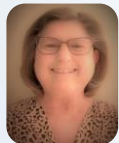

Eun-Ok Im,
PhD, MPH, RN, CNS, FAAN,
Emory University, U.S.A.
*"Nursing Science and Translational Research:
The Raison D'etre"*

Eun-Ok Im is the Edith Folsom Honeycutt Endowed Chair and the Senior Associate Dean for Research and Innovation at Emory University, Nell Hodgson Woodruff School of Nursing. Dr. Im is an internationally known scholar and researcher in the field of global cross-cultural women's health research, addressing gender and ethnic disparities in health/illness experience of midlife women. Dr. Im is also internationally well-known as the founder of Situation Specific Theory, a major type of nursing theories that could connect nursing research to precision health.

FEATURED PRESENTATIONS

Success story: *The Evidence-Based Practice Center:
Building Improvement Capability at the Bedside*

Barbara Mayer, PhD, RN,
Director of Professional Nursing Practice,
Stanford Medical Center, U.S.A.

Translational partnership: *Pressure Ulcer Nursing Intervention and
Verification Using Clinical Data Warehouse*

Meihua Piao, PhD, RN,
Professor,
Peking Union Medical College,
China

Park Se-Yeon, MSN, RN,
Head Nurse,
Seoul National University Hospital,
Korea

Panel discussion: *The Future of Nursing Education*

Eunyoung Suh, PhD,
FNP, RN, Professor,
Seoul National University,
Korea

Emily Ang, PhD, RN,
Professor,
National University of
Singapore

Winnie So, PhD, RN,
FAAN, Professor,
Chinese of University of
Hong Kong

Miho Suzuki, PhD,
ANP, PHN, RN,
Professor,
Keio University, Japan

ABOUT CONFERENCE

Friday, October 14, 2022
08:30 a.m. - 17:00 p.m. (Korea time)
Virtual Conference

The conference will be held online due to
